

Board Search Consulting

Adding a new member to your board presents an opportunity to keep the bar high and bring distinctive value to your organization

A tailored, objective approach to board search.

- Process managed for you from start to finish
- Shaped around your board's specific needs
- Deep expertise and unbiased views to insure objectivity throughout the process
- Extensive candidate reach, leveraging numerous data sources
- Efficient use of your time, budget and other resources

Why Boardspan:

- Establishes search best practices, incorporating gap analysis, position spec and management tools
- Comprehensive approach identifying, screening and qualifying candidates as well as managing expectations
- Assures objectivity and removes bias
- Track record of successfully securing "hard to find" candidates who bring high value-add to your board

Your Custom Process:

- Thoughtful approach starting with a Nom/Gov. Committee discussion and followed up by a Board Gap Analysis to identify competencies needed.
- Tailored Board Position Specification that identifies success criteria and creates a working document for interviewing.
- Screened candidates and detailed reports that address specific search criteria.
- Third-party references for additional objectivity and on-boarding guidance.
- Consultant-led process with scheduled progress reports, discussions and actions around your timing needs.
